PHOENIX HIGH SCHOOL HOLD COURT

Court was held in the High School Thursday after noon, Feb., 16, for the trial of one of the High School pupils, charged with defacing public property in the School house. Harold von der Hellen acted as prosecuting atty. Witnesses were brought before the jury from both sides. Witnesses for the High School testified that they saw the person in question cutting on the arm of the chair. The Attorney for the defence, Dan Calhoun, plead for lenience on the ground that the defendant was absent minded, and being a freshman did not understand the strict rules in regard to the protection of school property. His witnesses also testified that he was very absent minded.

After the final speeches of the attorneys, the Judge told the jury that the law read that "A fine of not less than five dollars or more than twenty should be imposed". After ten minutes the jury came in with the verdict guilty, but that the fine should be suspended and that the student should sand paper and varnish the chair.

SCHOOL STUDENT GOES TO SALEM

Edith Gore, the delegate from the Phoenix Christian Endeavor Society, left Thursday morning February 18, for Salem, where she attended the Four square convention of the Oregon Christian Endeavor.

Hon. Ben. W. Olcott opened the convention Thursday evening with a welcoming address after which Rev. Earle P. Cochran, of California spoke on "Listening to the Master".

Friday was Intermediate Day. In the forenoon Rev. Cochran conducted a Bible Study class followed by a Four square conference in which Paul Brown explained the use of the Four square chat. Friday afternoon several Intermediates gave minute talks on Intermediate Christian Endeavor and in the evening Dr. H. L. Bowman, of Portland addressed the Endeavorers.

Sessions were held Morning, afternoon and evening of Friday, Saturday and Sunday. Saturday afternoon the Salem committee provided cars and the seven hundred delegates were taken on a sight seeing tour.

After the installation of officers for next year, the convention closed with an address, "World Wide Endeavor and World Wide Peace."

EDITORIAL.

IT HAS BEEN SAID THAT THIS IS A SELF GOVERNING SCHOOL AND THAT MR. MILAM IS LETTING THE SCHOOL GO INTO THE STUDENTS CONTROL. WE HAVE A STUDENT BODY AND SCHOOL COURT IT IS TRUE BUT THE REAL RESPONSIBILITY OF IT ALL RESTS ON MR. MILAM. HE RUNS IT AND THE STUDENTS KNOW THAT AS SOON AS THEY PASS ANYTHING THAT MR. MILAM DOESN'T LIKE THAT MR. MILAM WILL VETO IT. THEY CONTROL THE EXPENDITURE OF STUDENT BODY MONEY TO A CERTAIN DEGREE BUT MR. MILAM TEACHES US TO CONSERVE IT. IN THIS WAY WE GET PRACTICAL KNOWLEDGE WHICH IS WORTH MORE THAN BOOK KNOWLEDGE.

IN THE COURT WE HAVE LAWYERS ELECTED OR APPOINTED FROM THE BODY AND IN THIS WAY WE REACH PUPILS THAT WOULD PERHAPS NEVER LEARN TO DEBATE. ALSO IN THE
continued on next column.

STUDENT BODY WE LEARN PARLIMENTARY LAW IN A PRACTICAL WAY.

IN THIS WAY MR. MILAM TEACHES THE MEN AND WOMEN OF TOMORROW PRACTICAL THINGS OF TO-DAY SO THAT WHEN TOMORROW COMES WE WILL BE THAT MUCH AHEAD OF THE OTHER PEOPLE.

SO WE WANT TO REMEMBER THAT MR. MILAM IS ALWAYS AT THE HEAD OF THE SCHOOL WITH EVERY SCHOLAR AND TEACHER BACK OF HIM.

A FEW FACTS

Some have said that the high school does not help the Student toward making a living, now, here are the facts: The business course enables the pupil who will apply himself to take office work as a bookkeeper or typist. The stenog-

GAME AT TALENT

FRIDAY NIGHT, February 10, the girls and boys teams of Phoenix played the two teams of Talent. The Phoenix girls team played well but were beaten by a score of 34-16. The boys were also defeated by a score of 40-18. After the games the teams were invited to the school house where a delightful lunch was served, consisting of fruit salad, sandwiches and coffee. After all had enjoyed these good eats, Mr. Jewitt, the Talent superintendent, spoke and called on the captains and coaches of the four teams to speak. Mr. Williamsen the referee of both games gave a short talk which everyone enjoyed. He is general favorite among the teams, and everyone enjoys a game that he referees. All those on the teams said they enjoyed playing Talent because they were fair and square and played a good clean game.

SOLD TO THE HIGHEST BIDDER

The first copy of "The Blue and White" turned out was auctioned off in the assembly on February 14. Floyd Watkins took the paper with the bid of twenty-seven cents.

Margaret in Teacher's Training said, "When the other boy gets thru, I will tell a story."

"Tell me with whom thou goest and I'll tell thee what thou doestn."

PHOENIX HIGH SCHOOL BUY TREE

At a special meeting of the associated students of the Phoenix High School it was decided that the student body should buy a tree to be placed in the fair grounds. Suggestions were made for names and it was decided that the tree should be called "Phoenix High School". The Phoenix High was the first High School in the county to buy a tree for the fair grounds

Mr. Milam deserves much credit in the way he is teaching his U.S. History students. As each president is brought in the pupil learns the party to which he belonged, the year in which he was elected and the length of his term as president, and also the most important events which took place under his administration. In this way the pupil has a clear cut picture and will be able to connect everything in the U.S. History.

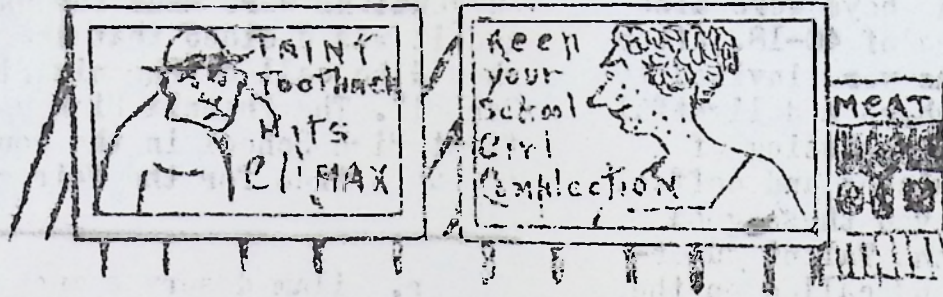

At the present time the interest of the class is centered about a question which is to be debated sometime during the semester, on the subject: Resolved that "Grant was a greater man than Lee". This work trains the pupil to think.

GIVE THIS A TRY.

Number of living brothers.
Double amount, add 3, multiply by 5, add number of living sisters, multiply by 10, add number of dead brothers and sisters, subtract 50. First number will equal deaths, second number, of living sisters and third number, living brothers.

A FEW FACTS (CONTINUED)

rapher is very much in demand.

The teachers' training course covers two years' work and is up to date. Pupils taking this course can teach after taking state examinations, and may work up to a life paper. The College course gives the pupil a University entrance and leads to a profession, as lawyer, doctor, and so on.

PHOENIX vs J'VILLE

Our last scheduled game of Basket ball was played Feb. 17, on the home floor. The Phoenix girls and J'ville girls had a good clean game but at the end of the game the score stood 46 to 23 in J'ville's favor.

We waited anxiously for our boys team to come on the floor. At last they bounded in through the door. The teams were evenly matched. At the end of the first half the Phoenix boys were two ahead. At last the game was ended with a score of 31 to 21 in favor of Phoenix.

It was not luck that won the game for Phoenix but good hard work and perseverance.

CHRISTIAN ENDEAVOR

At the November Meeting of the Christian Endeavor Society it was decided to launch a membership campaign, closing the first of March. Margaret Sheets was appointed leader of one division and Edith Gore of the other.

The division enrolling the most new members for the society will be entertained at supper by the other side.

Both sides are working hard and have signed up a good many members although the total number is not known by either division.

At the last meeting, officers were elected for 1922 as follows:

President-----Liberta Gore
Vice President---Sylvester Stevens
Secretary-----Janet Gore.
Treasurer-----Mildred Ward

LECTURE AT CHRISTIAN CHURCH.

An unusual church service was held in the Christian Church last Sunday night when Miss Shoffen gave a lecture against the Catholic Church. She had been a nun for thirty years and had broken away from the Catholic Church. She told of her life as a nun and her treatment by Catholics. In the afternoon she gave a talk for women only and in the evening she gave a lecture to anyone who wished to go. Both of her lectures were interesting and well attended.

Harold to Roy, "Digging out a hole eh?"

Roy, "Oh! No! I'm digging out the dirt and leaving the hole there."
